Best Paper Awards of
Complex Adaptive Systems 2013

THEORETICAL AWARD

Best Paper

Fuzzy Dissimilarity Based Multidimensional Scaling and Its Application to Collaborative Learning Data

Mika Sato-Ilic
University of Tsukuba, Japan

Peter Ilic
University of Tokyo, Japan

First Runner-Up

Variable Time Delays and Representational Capacity in Sparsely Connected Populations of Spiking Neurons

Corey B. Hart
Lockheed Martin, USA

Second Runner-Up

A Theory of Entropy and Emergence in Systems of Systems

John J. Johnson IV
Old Dominion University, USA

Andreas Tolk
SimIS Inc., USA

Andres Sousa-Poza
Old Dominion University, USA
