

Best Paper Awards of Complex Adaptive Systems 2014

APPLICATION AWARD

Best Paper

Verification Points for Self-Adaptive Systems

Mark Blackburn and Brian Phillips
Stevens Institute of Technology, USA

First Runner-Up

A New Scheme for Daily Peak Wind Gust Prediction Using Machine Learning

Andrew Mercer and Jamie Dyer
Mississippi State University, USA

Second Runner-Up

Volatility Forecasting using a Hybrid GJR-GARCH Neural Network Model

Soheil Almasi and David Enke
Missouri University of Science and Technology, USA
