

Best Paper Awards of Complex Adaptive Systems 2018

THEORETICAL AWARDS

Best Paper

System of Systems Architecting Problems: Definitions, Formulations and Analysis

Hadi Farhangi^(a) and Dincer Konur^(b)

(a) Savannah State University, Savannah, GA (USA)

(b) Texas State University, San Marcos, TX (USA)

First Runner-Up

Anomaly Detection and Classification in Cellular Networks Using Automatic Labeling Technique for Applying Supervised Learning

S M Abdullah Al Mamun and Juha Valimaki

TTG International, Ltd.

Istanbul (Turkey)

Second Runner-Up

Homogenous Cluster Analysis

Mika Sato-Ilic

Engineering, Information and Systems

University of Tsukuba

Ibaraki (Japan)
